**BIK TRADING SERVICE** focus on meeting the client's quality requirement of products and services and strive to deliver within the shortest lead time.

## OUR PHILOSOPHY

**You name it, we'll supply it**

**Whatever industrial supplies or services you need – we will deliver first time, on time, every time.**

**It is our objective to be the leading supplier of the full range of products that mining and other companies or individuals anywhere in DRC may need**

### *Vision*

We strive to be the most trusted supplier in Drc of quality industrial, safety, surveillance products and services.

### *Mission*

Through innovation and dedication to our customers, we make sure in everything we do that our everyday service distinguishes us from our competitors.

### *Values*

Our performance-oriented culture and responsible approach form the foundations of our success. We recognise that our business depends on our creativity, dedication and performance.

## PRODUCTS AND SERVICES

### WHAT WE DO

We have accomplished this by not only supplying, and maintaining quality products – we also take.

The time to listen to our customers and help them find solutions to their specific needs
